SOCIAL BIOLOGY

Volume 25, 1978

ABORTION: urban rates of in Canada, 235–242; incidence of in Bangladesh, 253–253; fetal abnormalities and attitudes toward, 290–295
Age: and frequency of marital intercourse, 128–134
Agricultural organization: and fertility in the Philippines, 69–79
Alcoholism: among Navajos, 285–286
Altitude: effect on fertility of, 191
American Indians. *See* Navajos.
Andhra Pradesh: selection intensities in, 302–305
Armed forces: pronatalist influences in, 259–271

BANGLADESH: fetal wastage and pregnancy spacing in, 251–257
Barrett, Paul H.: bk. note, 167
Biosocial Genetics: Human Heredity and Social Issues: bk. rev., 164–165
Birth control: Reversible sterilization as means of, 135–143
Birth planning: and IQ, 10–14
Black women: earlier menopause in, 58–60; uterine cancer in, 60; and childlessness, 176
Breast cancer: among mothers of twins and singletons, 60

CANADA: stress, health, and political participation in, 102–114; urban abortion rates in, 235–242
Cancer. *See* Breast cancer; Uterine cancer.
Childlessness: structural determinants of, 169–178
Chile: inbreeding and immigration in, 228–234
Collected Papers of Charles Darwin, The: bk. note, 167
Contraceptive Revolution, The: bk. rev., 82–84
Cooley's anemia: and Genetic Disease Act, 21, 23–24
Counseling. *See* Genetic counseling.

Dealing with Dilemma: bk. rev., 85–86
Decline of Belgian Fertility, 1800–1970, The: bk. note, 167
Delinquents: violence among, by family intactness and size, 243–250
Down's syndrome: and psycholinguistic abilities, 15–22

ENDOGAMY INDEX: in Chile, 232–233
Euthanasia: regional attitudes toward, 62–68

FAMILY PLANNING: and correspondence of data from husband and wife, 196–204
Family planning programs: effect on fertility of, 145–164
Family size: and violence among delinquents, 243–250.
Family type: and fertility among Iranian peasants, 205–209
Fecundability: estimate of the natural curve of, 210–227
Fertility: role of birth planning and IQ in, 10–14; of Japanese-Americans, 38–51; patterns of, 38–39; and Philippine agricultural organization, 69–79; and age at menarche, 96–98; change in rate of in Korea, 115–127; effects of family planning programs on, 145–164; in a high-altitude Nepalese population, 185–195; among Iranian peasant women, 205–209; among the military, 259–271; and longevity in twins, sibs, and parents of twins, 315–330
Fetal abnormalities: and prenatal diagnosis and abortion, 288–301
Fetal loss: by maternal age at conception, 222–223; and pregnancy spacing in Bangladesh, 251–257

GENETIC COUNSELING: government support of, 23–32; a sociological perspective on, 272–278
Genetic disease: attitudes toward control and elimination of, 33–37; psychological stress in, 276–277
Genetic Disease Act: described, 23–24
Genetic legislation: described, 23–32
Genetic screening: legislation on, 24–27; present scope of, 27–28; and confidentiality, 30–31
Genetics: and incidence of 47, XYY males, 87–93

HEALTH: related to stress and political participation, 102–114
Hemophilia: and Genetic Disease Act, 23–34
History of Italian Fertility During the Last Two Centuries, A: bk, note, 168
Human fertility: The Basic Components: bk. note, 166–167
Huntington's chorea: and Genetic Disease Act, 23–24
Hutterites: fecundability among, 213–218

INBREEDING: and immigration in Chile, 288–234
India: selection intensities in, 302–305
Infant mortality: in a high altitude Nepalese population, 185–186, 194
Institute of Society, Ethics, and the Life Sciences: workshops of, 80–81
Intelligence. *See* IQ
International Congress of Genetics, 1978: travel update, 80
Intercourse. *See* Marital intercourse.
IQ: and birth planning, 10–14

JAPANESE-AMERICANS: biocultural patterns of fertility among, 38–51

KELLY, PATRICIA T.: bk. rev., 85–86
Korea: fertility rate in, 115–127

LALOR FOUNDATION: research fellowship program of, 258
Leriden, Henri: bk. note, 166–167

Index

IQ: and birth planning, 10–14

JAPANESE-AMERICANS: biocultural patterns of fertility among, 38–51

KELLY, PATRICIA T.: bk. rev., 85–86
Korea: fertility rate in, 115–127

LALOR FOUNDATION: research fellowship program of, 258
Leriden, Henri: bk. note, 166–167

Lesthaeghe, Ron J.: bk. note, 167
Li, C. C.: bk. rev., 84–85
Littlewood, Thomas B.: bk. note, 167–168
Livi-Bacci, Massimo: bk. note, 168
Longevity: in twins, sibs, and parents of twins, 315–330

MARITAL INTERCOURSE: frequency of, and male and female age, 128–134
Menarche: age at, socio-sexual behavior, and fertility, 94–101
Menopause: in mothers of multiple or single births, 52–61
Mental retardation: and psycholinguistic development, 15–22; and reversible sterilization, 139–141;
Migration: and longevity and fertility, 327
Mormons: fertility and longevity of, for twins, sibs, and parents of twins, 315–330
Mortality: in Korea, 115; and pronatalist values, 259; among Navajos, 279–287; in Andhra Pradesh, India, 304; of cotwins, 321; and childbearing, 326–327. *See also* Infant mortality; Mortality crossover effect.
Mortality crossover effect: causes of death contributing to, 306–314
Multiple births: menopause among mothers of, 52–61

NATIONAL GENETIC DISEASE ACT. *See* Genetic Disease Act.
Navajos: mortality among, 279–287
Nepal: structure of high-altitude population in, 179–195.
New Chromosomal Syndromes: bk. rev., 165–166

Path Analysis: A Primer: bk. rev., 84–85
Pernia, Ernesto del Mar: bk. note, 168
Phenylketonuria: screening for, 23–27
Philippines: agricultural organization and fertility in, 69–79; correspondence of family planning data from husband-wife immigrants from, 196–204
PKU. *See* Phenylketonuria.
Political participation: related to stress and health, 102–114
Politics of Population Control, The: bk. note, 167–168
Population genetics: and inbreeding and immigration in Chile, 228–234
Pregnancy: spacing of and fetal loss in Bangladesh, 251–257
Prenatal disruptions: and psycholinguistic skills, 21–22
Prenatal screening: described, 288–290; knowledge of, 296–299
Pronatalism: and the military, 259–271
Psycholinguistic development: and types of mental retardation, 15–22

REVERSIBLE STERILIZATION: socio-ethical considerations of, 135–143

SELECTION INTENSITIES: in Andhra Pradesh, India, 302–305
Sherpas: demographic structure of, 179–195
Sickle cell anemia: legislation on, 23–24, 25, 26–27
Stein, Gerald James: bk. rev., 164–165
Sterilization. *See* Reversible sterilization.
Stillbirth. *See* Fetal loss.
Stress: and political participation, 102–114

TAIWAN: natural fecundability curve in, 210–227
Tay-Sachs disease: and Genetic Disease Act, 23–24, 27; attitudes toward control and elimination of, 34–37
Tibetans: in Nepal, 183–195
Twins: volunteer bias in research on, 1–9; menopause in mothers of, 52–61; fertility and longevity among, 315–330

Urbanization, Population Growth, and Economic Development in the Philippines: bk. note, 168
Uterine cancer: among Black women, 60

VIOLENCE: and family size and intactness among delinquents, 243–250
Volunteers: and bias in twin research, 1–9

WASHINGTON UNIVERSITY: position at, 81
Westoff, Charles F.: bk. rev., 82–84

XYY MALES: incidence of, 87–93

Contents

SOCIAL BIOLOGY

Volume 25, 1978

Volume 25 Spring 1978 No. 1

Volunteer Bias in Twin Research: The Rule of Two-thirds, *D. T. Lykken, A. Tellegen, and R. DeRubeis* 1

Differential Fertility by Intelligence: The Role of Birth Planning, *J. Richard Udry* 10

Patterns of Psycholinguistic Development in the Severely Mentally Retarded: A Hypothesis, *David B. Burr and Art Rohr* 15

Government Support of Genetic Services, *Philip Reilly* 23

Attitudes Toward Control and Elimination of Genetic Defects, *C. R. Margolin* 33

The Biocultural Pattern of Japanese-American Fertility, *Donna Lockwood Leonetti* 38

Menopause in Mothers of Multiple Births and Mothers of Singletons Only, *Grace Wyshak* 52

Contemporary Views of Euthanasia: A Regional Assessment, *Gerald R. Adams, Nancy Bueche, and Jay D. Schvaneveldt* 62

Agricultural Organization and Fertility: A Comparison of Two Philippine Frontier Communities, *Virginia Aldigé Hiday* 69

Communications

Travel Update: XVI International Congress of Genetics, Moscow, 1978 80

Workshops in Medical and Biological Ethics 80

Postdoctoral Position in Psychiatric Aspects of Medical Classification at Washington University 81

Book Reviews

The Concentraceptive Revolution (Westoff and Ryder), *Jerome Waller* 82

Path Analysis: A Primer (Li), *Matt McGue* 84

Dealing with Dilemma (Kelly), *Sheldon C. Reed* 85

Volume 25 Summer 1978 No. 2

Incidence of 47,XYY Males: Implications of the Production of 47,XYY Offspring by 47,XYY Males, *Elizabeth Dorus and John Gillespie* 87

Age at Menarche, Socio-sexual Behavior, and Fertility, *Harriet B. Presser* 94

Stress, Health, and Political Participation, *Alan Booth and Susan Welch* 102

Decomposition of the Change in the Total Fertility Rate in the Republic of Korea, 1966–1970, *Robert D. Retherford and Naohiro Ogawa* 115

Relative Contribution of Male and Female Age to the Frequency of Marital Intercourse, *J. Richard Udry and Naomi M. Morris* 128

Reversible Sterilization: Social-ethical Considerations, *Gale Largey* 135

Fertility Effects of Family Planning Programs: A Methodological Review, *Jaqueline Darroch Forrest and John A. Ross* 145

Book Reviews

Biosocial Genetics: Human Heredity and Social Issues (Stein), *Daniel R. Hanson* 164

New Chromosomal Syndromes (Yunis), *Holger Hoehn* 165

Book Notes, *Thomas J. Bouchard, Jr., and Michael Andregg* 166

Volume 25 Fall 1978 No. 3

Structural Determinants of Childlessness: A Nonrecursive Analysis of 1970 U.S. Rates, *Larry Freshnock and Phillips Cutright* 169

Cultural Factors Affecting the Demographic Structure of a High Altitude Nepalese Population, *Charles A. Weitz, Ivan G. Pawson, M. Velma Weitz, Selwyn D. R. Lang, and Ann Lang* 179

The Correspondence of Data Gathered from Husband and Wife: Implications for Family Planning Studies, *Josefina Jayme Card* 196

Family Type, Family Resources, and Fertility Among Iranian Peasant Women, *Akbar Aghajanian* 205

An Estimate of the Natural Fecundability Ratio Curve, *Jean-Pierre Bendel and Chang-i Hua* 210

Inbreeding and Immigration in Urban and Rural Zones of Chile, with an Endogamy Index, *B. Lazo, C. Campusano, H. Figueroa, J. Pinto-Cisternas, and E. Zambra* 228

An Ecological Analysis of Urban Therapeutic Abortion Rates, *Emily M. Nett* 235

Violence Among Delinquents by Family Intactness and Size, *June M. Andrew* 243

The Relationship Between Fetal Wastage and Pregnancy Spacing in Bangladesh, *Ingrid Swenson and Paul A. Harper* 251

Communications

Lalor Foundation Research Fellowship Program for 1979 258

Volume 25 Winter 1978 No. 4

Pronatalism and Fertility: The Case of the Military, C. *Shannon Stokes and Ralph R. Sell* 259

Genetic Counseling as an Occupational Specialty: A Sociological Perspective, *Marvin Dicker and Lois Dicker* 272

Navajo Tribal Mortality: A Life Table Analysis of the Leading Causes of Death, *Barbara A. Carr and Eun Sul Lee* 279

Attitudes Toward Abortion and Prenatal Diagnosis of Fetal Abnormalities: Implications for Educational Programs, *Ralph R. Sell, Klaus J. Roghmann, and Richard A. Doherty* 288

Selection Intensities Among the Tribal Populations of Adilabad District, Andhra Pradesh, India, *J. S. Murty and A. Ramesh* 302

Causes of Death Which Contribute to the Mortality Crossover Effect, *Charles B. Nam, Norman L. Weatherby, and Kathleen A. Ockay* 306

Fertility and Longevity in Twins, Sibs, and Parents of Twins, *Grace Wyshak* 315

Editorial Referees 331

Index to Volume 25 332
